

Dear Hiring Manager,

I am writing to express my interest in a long-term and full-time position at your company. With 9 years of experience in the development industry, I have gained strong expertise in both back-end and front-end development. My primary back-end experience involves the Laravel framework, where I have developed secure REST APIs, integrating Laravel Passport and Sanctum for authentication and Swagger for documentation.

On the front-end, I have hands-on experience working with frameworks such as Vue.js/Nuxtjs and React.js/Nextjs, complemented by TypeScript. I am confident that my skills, combined with my eagerness to continue learning and growing, will allow me to contribute effectively to your team.

Thank you for considering my application. I am excited about the opportunity to bring value to your company and look forward to discussing how I can contribute.

Sincerely,

Jhonar M. Ignacio
